Here is a copy (all 434 pages!) of the first draft pre-decisional report from NTP. I am sending to you electronically. Others in the group got a copy of the first 12 pages (the actual report...). This has already been shared with RI. Please hold close. NTP would very much like to keep this pre-decisional and release all of the reports at once (as would EPA!) if possible. Just to reiterate--we don't want to be conversing with the RI folks on this issue---let RTP do that!

We should expect to receive these every few weeks (5 total). I understand that methanol is next.

Lynn
